

**ENGAGE 55****Professional-sounding  
conversations.  
Wherever you work.**

Technology for  
life's new rhythm

**OUTSTANDING WIRELESS RANGE**

Engage 55 keeps you seamlessly connected up to 150m/490ft away from your laptop, while the compact USB DECT adapter also makes it easy to move about with your laptop during calls. **It's time to go free range.**

**DECT WIRELESS SECURITY**

Engage 55 is DECT Security certified. But because your data security is so important to us, we go beyond the DECT Security Step C level with additional FIPS military-grade 256-bit encryption algorithms, to make sure your conversations stay private. **It's like a mini Fort Knox.**

**PROFESSIONAL-GRADE CONVERSATIONS**

Engage 55 features an impressive noise cancelling microphone to help block out background noise and keep you sounding professional. The speakers are optimized for speech clarity, while wideband audio delivers crisp, crystal clear, natural-sounding calls.

**We'll have you sounding like a pro.**

**EASY USB CONNECTIVITY**

Just plug the pre-paired Link 400 adapter into your laptop and you're good to go. With this easy-to-use, single-connectivity headset, you're never more than a few seconds away from your first call. **Getting going has never been easier.**

**FLEXIBLE, PORTABLE, DURABLE**

Unlike traditional USB adapters, the Link 400 has a unique, bendable design that delivers extra durability – reducing the risk of damage if you happen to leave it plugged into your laptop when you move around. It's also compatible with our award-winning Engage 65 and 75 headsets.<sup>1</sup> **Fancy a change of scenery? Engage 55 is ready.**

**LIGHTWEIGHT COMFORT**

Engage 55 is lightweight and engineered to feel non-clamping, avoiding discomfort and heat build-up. This means that even when you're in back-to-back calls all day, you can rely on your headset to help you stay cool and comfortable.

**Because nobody likes uncomfortable conversations.**

**PROFESSIONAL HEARING PROTECTION**

SafeTone™ 2.0 prevents sudden loud audio spikes, limits overall audio exposure, intelligently maintains comfortable audio levels throughout the day. This advanced technology keeps your ears safe and prevents virtual call fatigue. **We're here for your ears.**

**UC-CERTIFICATION**

Engage 55 works with all leading UC and contact center platforms, and is also available in a Microsoft Teams-certified variant for seamless collaboration. **Oh, so smooth.**

**FUTURE-PROOF TECHNOLOGY**

Firmware updates through Jabra Xpress and Jabra Direct enhance your experience and keep your headset running at peak performance, adding even more value to your investment.

**So you're always one step ahead.**

**BUSYLIGHT**

A built-in busylight helps prevent interruptions, by signaling to those around you when you're on a call. **Better than hand signals.**

**LONG BATTERY & IN-CALL CHARGING**

With up to 13 hours of battery life<sup>2</sup>, you're unlikely to run out of charge mid-call, but if you do run low, easy in-call charging<sup>3</sup> means you can simply plug in your headset and keep right on talking.

**Don't be cut off mid-flow.**

<sup>1</sup>Firmware upgrade required. The Link 400 Microsoft Teams variant is available for use only with Engage 55.

<sup>2</sup>Battery life for stereo and mono models is up to 13 hours. Battery life for convertible model is up to 9 hours.

<sup>3</sup>Stereo and mono variants. Not recommended for convertible model.

## HOW TO SET UP

Plug the pre-paired Jabra Link 400 into a USB port on your computer

## CHOICE OF WEARING STYLES

Choose from stereo, mono and convertible variants

## HOW TO USE

- 1 Push x1
- 2 Push x1
